

ATT'YS ARE MAKING RAPID PROGRESS IN DIEHL MURDER TRIAL

Judge Mansfield Announced Today That
Case Could Probably Go to Jury
by Thursday of Next Week

CASE ADJOURNED UNTIL MONDAY MORNING

Witnesses Testify to Seeing Diehl on Battering
Ram and in Jail With Sledge Hammer But No
Direct Evidence Yet Introduced Proving
That He Attacked Etherington and
Beat Him With a Hammer.

The Diehl murder case is progressing rapidly and Judge Mansfield this morning said that he was much pleased with the disposition shown by counsel for both state and defendant to waste no time and to expedite the trial as much as possible consistent with care and attention to the interests of each. He was of the opinion that the case would be concluded by the middle of next week. On Thursday morning from 10 o'clock until the evening adjournment the statements of both sides had been made, and nine witnesses were examined, including the four physicians who had performed the autopsy on Etherington.

In view of the fact Judge Mansfield has decided to hold no session of the court on Saturday, which will give counsel, jury and court officers a rest from their duties, which have kept them busy to the point of a nervous strain.

The members of the jury are all in excellent health and are being looked after with a courteous care by Bailiff Louis Legge, who in every manner consistent with his duty

strives to relieve the tedium of their jury service.

The Knox County Prosecuting Attorney, "Tate" Cromley of Mt. Vernon, was in Newark Tuesday morning on legal business, and spent some time in the court room watching the progress of the trial. He was associated with the attorneys for the state in the Bolton trial at Mt. Vernon last April.

The first witness called Friday morning was Anthony Stare, who was examined by Mr. Miller. His testimony was the same as given by him in the previous cases. He was down town in the afternoon and saw the trip of the wagon east on West Main street and down Third street, with Etherington to the county jail; the efforts of members of the crowd to impede its progress and attempting to get on the rear steps from which they were knocked off by the officers; the firing of several shots in the air by some one in the crowd, and the hearing of some man in an auto urging the crowd to go into the jail, overpower the officers and bring Etherington out. He then told of

being down town that evening, and observing the crowd gather at the jail, of the speech of Montell Watha urging the crowd to avenge the death of "Bill Howard, who was a citizen and brother Eagle." Witness also heard the speech of Mayor Atherton urging the crowd to disperse and let the law take its course, and saw the attempts of a number of men to batter down the north door of the jail which he described in detail.

"The crowd first used a telephone pole for fifteen minutes or half an hour with no effect, and then an iron rail was used at the same time sledges were being piled against the hinges of the door; the men appeared to be 'spelling' each other in the use of the sledge or sledge. The crowd succeeded in breaking into the jail and its progress toward Etherington's cell was announced by a man on the portico above the north entrance to the jail.

"Saw the crowd bringing Etherington out of the jail, and passed me as I was standing by a telephone pole on the north side of the jail, he seemed to be bloody, but I could not see him distinctly, nor the men who had hold of him."

Witness then described the progress of the crowd, as he saw it, north on Third street, and East along the South side of the square to the pole where he was hanged. Witness said he followed and got within three feet of Etherington at the pole and saw members of the crowd shaking their fists at him and one yelled: "Your time has come," and other remarks.

Saw two fellows climb the pole and saw a rope thrown up to them, which extended back into the crowd, but could not see who nor how many had hold of the rope. They pulled on the rope, which had no effect and several took hold of Etherington, boosted him up and left him hanging there. Did not recognize any one man in the crowd which broke into jail or that lynched Etherington."

Cross examined by Mr. James. "I was in the crowd only from curiosity and got all I wanted; at different times probably I saw people in the crowd whom I knew; was about forty feet from jail door when it was broken down, but could not recognize any one who had hold of the iron rail, nor the fellow who climbed the ladder to the balcony; saw several persons climb the ladder and go in and out the window into the jail which I do not think had bars to it; I was not in the jail that evening. As crowd passed me in jail yard, men were striking and beating Etherington; knew that more than one man struck him."

"Don't know Walter Diehl, and didn't see him that night, that I know of."

"Don't remember talking to Lewis Bolton or in his presence about my testimony at Mt. Vernon, on a train coming down from Newark."

"Didn't you say on that trip that the jury had turned loose the ring leader and the real guilty party?"

An objection by the state was sustained and witness was not allowed to answer. Mr. James took exception to the ruling with the remark that he offered to show that Stare had made the remark.

"Didn't you have talks with people since the Bolton trial, about what you were going to testify in the cases of other defendants?"

"Don't remember if I did or not?"

Joshua Hull
Who has been the state's star witness in previous trials was examined by Mr. Miller. His direct testimony was about the same as he had given before and was about what he saw during the evening when the north jail door was being battered down.

"Saw a number of men using the iron rail and Joe Bush playing a sledge on the lock of the door. Saw William McKinley, Edgar Owens and Walter Diehl assisting in battering down the door with the iron rail."

This was the first direct testimony against Diehl that had been given.

Cross-examined by Mr. L. C. Russell.

"Have lived in Newark many years room and board at Franklin hotel; am collector for Criss Brothers & Jones the undertakers; receive a pension from my mother's estate; was married, but don't know whether or not my wife is now living. Have testified in several previous cases; talked with Mr. Miller and Mr. McMullen yesterday about my testimony in this case; receive no compensation from the state other than witness fees for my testimony, nor do I receive anything for hunting up testimony for the state; have no special interest in the prosecution of these cases; have frequently been in prosecutor's office having been sent for; have not stood at the corridor doors attempting to

(Continued on Page 2, Col. 2.)

PREACHER ARRESTED FOR MURDER OF BEAUTIFUL CONSERVATORY STUDENT

Boston, Oct. 20.—Arrested in the home of Miss Violet Edmonds, the heiress he was to have wed in less than a fortnight, Rev. Clarence Virgil Thompson Richeson, pastor of the fashionable Emanuel Baptist church at Cambridge, was today formally charged with the murder of beautiful Miss Linnell, who believed she was to have been the minister's bride.

Dr. Richeson was arraigned and given a preliminary examination today at which he pleaded not guilty. Miss Linnell instead of becoming the bride of the preacher was buried today and the wedding gown which a score of her friends had helped her to fashion becomes her funeral shroud. Trusting implicitly in the love she bore the handsome divine, the police assert Miss Linnell Saturday night swallowed what she had been told by him was harmless headache medicine.

"Five minutes she was dead. The warrant for the formal arrest of the preacher was issued after Wm. M. Hahn, a druggist, had positively identified Richeson as the man to whom he sold a quantity of cyanide of potassium last week.

The police ascribe two possible motives for the crime, either of which would make the case one almost unparalleled in American criminal annals. The first is that fearing Miss Linnell might intervene with his approaching marriage to Miss Edmonds, the heiress, the pastor set about with rive cunning to kill the girl. The other is that he purchased the drug to Miss Linnell, a student at the Conservatory of Music, that she might end her own life when she learned the man she loved was to become the husband of another.

The police claim to have a strong case against the pastor. He has been identified as the man who purchased the cyanide of potassium and he is known to have met Miss Linnell at the south station at Boston Friday night. The police charge that there he gave her the drug telling her it was harmless headache powder. The preacher was immediately notified by telephone as the girl was known as his fiancée.

"Well, why do you tell me," the pastor demanded, and lunged up the receiver.

Sunday Richeson faced his congregation in his pretty little church and expounded with great force the teachings of Christ. He preached two sermons that day and officiated at a baptism.

Shanghai, Oct. 20.—The revolution is gaining ground in China with every passing hour. Many think that the overthrow of the present government is at hand. Wherever the rebel leaders have gained control martial law has been declared and the order is fairly good. The news of the rebel victory at Hankow has fired the discontented masses everywhere and uprisings are reported from all over the empire.

It is stated that the losses to the government troops are heavy and that the rebels are in complete possession of Hankow. The victorious troops are reported to be ransacking the city, and all Manchus are being mercilessly slain. Not even babies are spared. From the government standpoint the damage cannot be estimated as millions of Chinese have been awaiting the

outcome of the fighting to decide whether to remain loyal or to cast their lots with the revolutionists. Fresh outbreaks are now looked for in all sections of the country. Scores of soldiers are going over to the rebels daily.

Shanghai, Oct. 20.—The revolution is gaining ground in China with every passing hour. Many think that the overthrow of the present government is at hand. Wherever the rebel leaders have gained control martial law has been declared and the order is fairly good. HANKOW CAPTURED BY THE REVOLUTIONISTS

AVIATOR PLUNGES TO DEATH

Eugene Ely Killed at
Macon Georgia State
Fair Grounds

LOST CONTROL OF LEVER

While Attempting Sensational Dip
---Accident Witnessed by
10,000 People.

+++++
"I'LL KEEP IT UP
UNTIL I AM KILLED."

Davenport, Ia., October 20.—W. D. Ely, father of Eugene Ely, the aviator killed at Macon, Ga., left for the Georgia city yesterday afternoon to take charge of the body of his son. The elder Ely is a lawyer.

The aviator made exhibition flights in this city about two weeks ago. While here he was asked by one of his friends how long he expected to remain in the flying business.

"Oh, I'll do like the rest of them—keep it up until I am killed," was the reply.

Ely was a chauffeur until he learned to fly in California several years ago. He was born in Williamsburg, near here, and was about 27 years old.

+++++
Macon, Ga., Oct. 20.—In spite of a premonition which prompted him to give the address of his wife to his mechanic so she could be notified in the event of a mishap, Eugene Ely who gained world-wide fame by being the first aviator to fly from and to the decks of United States war ships, ascended in his aeroplane to make a sensational dip at the State Fair grounds yesterday afternoon, and a few moments later plunged 150 feet to his death.

Misjudging the distance Ely started his downward glide too soon while running at a mile a minute, and was unable to make the rise. When the machine crashed to earth the aviator was hurled clear of it by nearly a hundred feet. He was unconscious when reached by his mechanic, Frank Callin and died ten minutes later before he could be removed to a hospital.

Ten thousand horrified spectators witnessed the fatal plunge, and stood in awed silence as Father Hamilton, a missionary Catholic priest, performed the last rites of the church as the aviator expired.

A disgraceful feature of the death of Ely was the sight of the spectators to secure souvenirs of the tragedy. As soon as the unfortunate birdman and his aeroplane struck the ground the crowd surged about. The police fought in vain to keep back the mob. E. R. Dozier and a few other men looked after Ely and bore him to his hangar, but the great majority of the crowd, careless of the dying aviator, strove to secure souvenirs.

In a few minutes the littered field was cleared of every bit of the wreckage. Ely's collar, tie, gloves and cap smilingly disappeared, the collar being taken from his person.

Today there are hundreds of people here with bits of the wrecked aeroplane and some with fragments of Ely's clothing. The crowd was forsaken by human instincts in its morbid desire for souvenirs of the horror.

Ely had planned to leave here last night for Norfolk to join his wife, who left New York yesterday morning for Norfolk.

Before running his machine out shortly before three o'clock Ely asked his assistant mechanic, Edgar Turner, for a notebook. The book was handed him, and in it he wrote the address of Mrs. Ely, which was 164 West Seventy-fourth street, New York. Handing the book back he said: "If anything happens to me today wire my wife. That's her address."

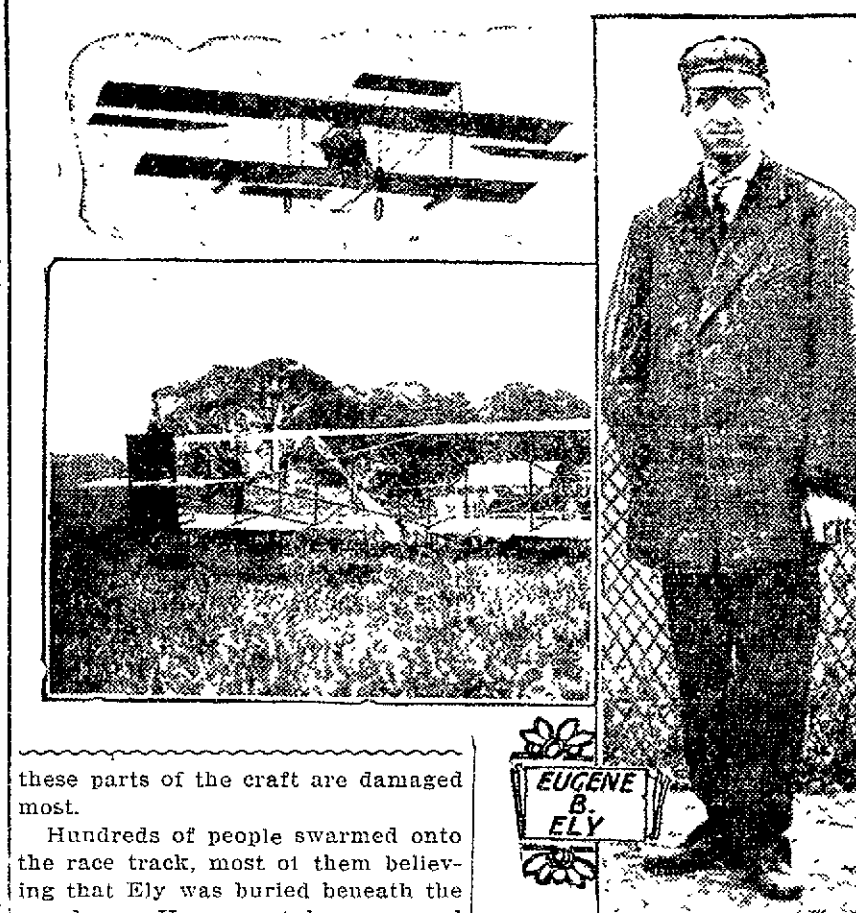

Leaving Turner he ran out his machine and started on his flight. He rose to a height of 500 feet, circled the mile track and returned to the Agricultural building in front of which he had made his start.

Here Ely dropped to a lower level, performed the ocean wave, and started to volplane or dip, gliding downward close to the earth, intending to rise quickly again.

Seated coolly in the front of his machine he dashed downward at a terrific speed. The crowd stood amazed at the wonderful performance. Many had seen him do the same feat before without a mishap. But this time he had misjudged his distance and before he could change his levers he had crashed into the earth and was hurled forward clear of the machine.

The machine struck the ground on the front and right side, so that

AVIATOR ELY, WHO WAS KILLED THURSDAY

these parts of the craft are damaged most.

Hundreds of people swarmed onto the race track, most of them believing that Ely was buried beneath the wreckage. He was not, however, and lay less than 100 feet from where he struck, stretched upon the ground, where he had been placed by Turner and Callin, the mechanics.

Ely was reported to have been a Catholic, and priests from the cathedral were called to administer the last sacraments. Before they arrived, however, Father Hamilton had forced his way through the crowd and performed the last rites.

Ely's wife in New York, was informed of her husband's death and directed to go to their home at Davenport, Iowa, to meet the remains. The body was prepared for shipment here last night and were sent to Davenport, Iowa, this morning.

Just before he expired the aviator

uttered, "I lost control—I know I am going to die."

Ely made a flight yesterday morning, ascending to an altitude of 3,100 feet.

Ely left his wife in New York two weeks ago to come to Macon to give a series of flights for the Georgia State Fair in his Curtiss bi-plane. He had been giving spectacular flights here for eight days, going up on one occasion in a rain storm.

Yesterday he even offered to make a flight at night, painting his craft with phosphorous, "so as to startle the natives," he told the fair directors. The offer was declined for the reason that he wanted \$1,000.

MEETING TONIGHT OF THE LICKING DEMOCRATIC CLUB

There will be a meeting of the Licking County Democratic club this evening at the club rooms at 11 1-2 West Main street.

All Democrats are invited to be present and hear the issues of the day discussed. Good speakers will be present, and it is urged that there be a good turn-out.

The meeting will begin at 7:30 o'clock promptly.

GAME DECLARED OFF FOR THIRD TIME ON ACCOUNT OF RAIN

Philadelphia, Oct. 20.—Connie Mack begged for a let up in the rain today but there was no answer to his prayers. Instead the rain descended and the flood came and the owners of Shibe park were requested to name their figure for leasing the park to a Venetian amusement company, while some of the big ship building yards here wanted to use the fields for trying out new battleships.

At 10 o'clock the game was officially declared off for the third time. At that time the park was knee deep with mud and water and getting deeper and every day of delay adds greatly to the Giants chances and to the same extent decreases the Athletic hopes.

The National Commission yesterday announced that First Baseman Merkle of the Giants had been fined \$100 for using improper and indecent language in the game Tuesday at the Polo grounds when the Giants were defeated by the Athletics in the sensational 11-inning game. At the same time, Manager Muggsy McGraw was censured for unbecoming conduct in the same game. Both men were said to be guilty of sportsmanlike acts directed against Umpire Connolly. No explanation is given as to why Merkle was fined and McGraw was not.

According to writers who claim to have heard McGraw's remarks during the game, he was equally entitled to a fine. Both players were warned that repetition of their offenses would result in their expulsion from the remaining games of the world's series.

Manager Mack smiles at the idea that the delay has increased the chances of the Giants in the remaining games of the series. He pointed out the fact that Baker, who was spiked by Sadogras, would be greatly benefited by the lay off and that the rest would also greatly help Jack Barry who received some bad bumps in the last game on the Polo grounds.

One thousand people were waiting for the gates to open at Shibe park

yesterday when the game was postponed for the second time.

Reuben N. Olding, centerfielder for the Athletics, received word yesterday that his sister was dead at Mt. Vernon, N. Y. He stated that he would go to Mt. Vernon but would return in time for the game against the Giants this afternoon. If he should decide not to play in today's game, Strunk will take his place.

Numerous startling rumors were afloat in Philadelphia last night, the most sensational of which was one to the effect that Outfielder Snodgrass of the Giants had been assassinated by a Philadelphia follower. There was absolutely no ground for the rumor. The same rumor was flashed over the wires of a local broker's office and was bulletined in the Advocate window yesterday afternoon. Ten minutes later it was denied and the bulletin was removed.

Los Angeles, Oct. 20.—With the issues squarely the state demanding the exclusion of tallismen. T. W. Adams, who says he believes the Times building was destroyed by a gas explosion and the defense demanding the same ruling in the case of G. McKee and O. A. Jessen, who declare it must have been wrecked by dynamite, interest in the murder trial is at fever heat today.

District Attorney Horton today continued his questioning of Adams, further developing his belief that gas destroyed the Times building. Finally he challenged him for bias. The language used was the same as used by the defense in framing the challenge against McKee and Jessen, the only difference being the substitution of the word gas by the state, where the word dynamite was used by the defense. The situation is one of the most complex in the history of California criminal jurisprudence.

NEWARK ENGINEER IN WRECK

I. J. Denney of This City
Hurt in Derailment
of B. & O. Train

IS RUSHED TO HOSPITAL

And Word From There Today
States That He Is Not
Fatally Hurt.

(Special to the Advocate.)
Columbus, Oct. 20.—At the Protestant hospital this morning, it was stated that the condition of Engineer Denney was not serious. His injuries consist of severe bruises about the shoulder and arm. Reports that he was badly scalded were erroneous, as he suffered no injury of this nature.

An Advocate reporter called at the Denney home, 382 Eastern avenue, Friday morning and was informed that it would be several days before Mr. Denney would be brought home. Mrs. Denney, accompanied by her son, Welden, and daughter, Miss Dorothy, went over to Columbus Friday afternoon.

Engineer Isaac J. Denney has been in the service of the Baltimore and Ohio railroad for more than twenty-four years, twenty-one years of that time acting as an engineer. It is said that this is the first wreck in which he ever figured.

Columbus, O., Oct. 20.—Running at an estimated speed of 60 miles an hour, engine No. 1475 of west-bound B. & O. passenger train No. 101 was demolished, two passenger cars and a baggage car partly turned on their sides and Engineer I. J. Denney of Newark, and J. A. Rosenbloom, a traveling salesman of Syracuse, N. Y., were injured at 9:35 last night when either the tire on a rear drive wheel or a flange on a forward truck of the locomotive broke as the train was entering Columbus.

The train had just passed the Norfolk & Western crossing, near Taylor avenue, in the eastern part of the city. Two hundred yards of track were torn up. Besides damage to the locomotive and tender, trucks of the coaches were badly smashed. The engine was turned around completely and then reduced to scrap iron.

The train due in the Union Station at 9:35, was under charge of Conductor A. Woodward of Newark. The fireman was Peter Moler, also of Newark. Neither victim is thought to be fatally injured.

As the engine was smashed up, scalding steam and flames surrounded it. The engineer was caught in the wreckage and pinned beneath one of the iron stay rods of his cab until rescued a few minutes later.

The fireman was thrown several feet from the cab when the locomotive turned over. He arose to his feet in a dazed condition and began to run up and down the tracks. He came to himself in a few minutes and found he was uninjured, except for some scratches and a cut on the hand.

The train consisted of a baggage coach, a day coach and one Pullman parlor car. The derailment was complete. That the accident was not attended by many fatalities and injuries was considered remarkable.

Frank M. Peters, an insurance man, with offices in the Rugger building and living at 2376 Indiana avenue, helped extricate Mr. Rosenbloom. He was sitting across the aisle from the victim, heard the engine apply the emergency brakes and braced himself for the shock.

"We were running 40 miles an hour," he said "as nearly as I could guess. The train had been running faster, so fast indeed that we were bounced up and down. When we struck the crossing, the cars began to weave from side to side. Our coach finally lopped over on one side and came to a standstill. Other coaches were knocked off their trucks."

A railway man in the yards who witnessed the accident estimated the speed at 60 miles an hour.

Mr. Rosenbloom's injuries consist

CASCARETS FOR SICK, SOUR STOMACH

Gently But Thoroughly Cleanse and
Regulate Your Stomach, Liver
and Bowels While You
Sleep.

That awful sourness, belching of acid and foul gases; that pain in the pit of the stomach, the heartburn, nervousness, nausea, bloating after eating, feeling of fullness, dizziness and sick headache, means indigestion; a disordered stomach, which cannot be regulated until you remove the cause. It isn't your stomach's fault. Your stomach is as good as any.

Try Cascarets; they cure indigestion, because they immediately cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry off the decomposed waste matter and poison from the intestines and bowels. Then your stomach trouble is ended forever. A Cascaret tonight will straighten you out by morning—a 10-cent box from any drug store will keep your entire family feeling good for months. Don't forget the children—their little insides need a good gentle cleansing, too.

speech; know Diehl, and worked with him at the B. & O.; saw Diehl at the county jail about the time Atherton was speaking; Diehl was standing beside me and heard him say "they ought to get the s—b out and kill him."

Cross examined by Mr. James: "Am 38 years old; parents dead; work for the United States express on the platform at present; on July 8, 1910, was working at the B. & O. s. caller, at night. Don't remember that Diehl's words were exactly the same as I have given but were in substance the same; told the grand jury what Diehl had said; don't remember how he was dressed; think he had on a coat."

"Had known Walter Diehl since April or May before July 8, he was an air inspector about the B. & O. while at work; was not a witness in any of the other trials; there was no one with Diehl when he came up to me, and I didn't see anything in his hands was in a position to see if he had."

Re-direct: "The remark of Diehl's was made directly to me."

Re-cross: "There were a number of people about when he made the remark; it was made in an ordinary tone of voice."

Weldon Denney.

Examined by Mr. Miller: "Was at the county jail the night of the riot; went there about 7:30 o'clock; was indicted by the grand jury for his offense but the indictment was nolledd; have known Diehl for two or three years; saw Diehl the night of July 8th on the second floor of the jail with a sledge, beating on a wedge at the steel door to the corridor. Saw him before this with a sledge hammer, but not afterwards that evening."

Cross examined by Mr. Russell: "Was in jail ten months to the day; during this time I had several talks with Prosecutor Smythe and Mr. Miller in the prosecutor's office at the latter's solicitation; the state had no evidence against me was the reason my indictment was nolledd; had no arrangement that it should be; I gave testimony against Diehl or any of the others; talked also to Mr. McMillen; I did not help use the rail that night; saw the rail being worked against the door. I was standing on the east side of the rail, but did not help use it; Diehl was there but I did not see him have hold of the rail; couldn't describe the sledge I saw Diehl using up in the jail; I was leaning against the railing leading up to the third floor; did not see Etherington taken from this cell; I was excited at the time; I remember McCoy, Timmons and some others in the jail, but don't remember what they were doing; have been subpoenaed in several of these cases. My indictment was not nolledd upon consideration that I should testify against Diehl."

Re-direct: by Mr. Smythe. "The statement I gave to you was taken down in writing by the court stenographer, and think it was after

RIDS THE SYSTEM OF SCROFULA

Scrofula is a disease usually manifested in childhood, though some who are victims of the trouble reach manhood or womanhood before there is any manifestation of the trouble; but no matter at what age it shows, the disease germs are in the blood, and until they are removed there cannot be a healthy condition of the body. The ordinary symptoms of Scrofula are swollen glands about the neck, scalp diseases, skin affections, poor physical development, etc. S. S. S. has cured thousands of cases of Scrofula. It is the greatest of all blood purifiers, and by going down into the circulation and removing the germs and poisons, and enriching the blood by the creation of nutritive corpuscles, S. S. S. makes a permanent cure. S. S. S. is a purely vegetable remedy, made entirely of health-giving roots, herbs, and barks, and is perfectly safe for persons of any age, or those in delicate conditions of health. No one need fear to give S. S. S. to a child, following directions, and the health it will bring to frail, delicate children will be a blessing to their parents. If you or your child have Scrofula, write for our book on the blood and ask for any medical advice. No charge for either. S. S. S. is sold at drug stores.

THE SWIFT SPECIFIC CO., Atlanta, G.

my indictment was nolledd." Re-Cross by Mr. Russell. "Don't know why I was asked to make a statement before the court stenographer; had no understanding about the quashing of my indictment if I would tell what I knew."

George Mercer. Examined by Mr. Smythe. "Was B. and O. policeman July 8th, 1910, went to county jail that evening to assist the sheriff; have known Walter Diehl for 7 or 8 years; was in the hallway of the jail and saw Diehl using a sledge on the big iron door at the north entrance of the jail; was within three feet of Diehl."

Cross-examined by Mr. James: "Have general power and authority as a police officer, granted by the governor of Ohio; during the day of July 8th; I was on duty at the B. & O. yards; came up town under orders from Captain J. M. Bennett; was told by the sheriff to go into the jail and the turnkey opened the doors for us; We stayed there until after Etherington was taken out. Knew Diehl well, and it was light enough for me to see and recognize him; didn't see him have hold of any of the battering rams, but did not see him using a sledge."

THURSDAY AFTERNOON.

Lemuel Smith. Examined by Mr. Miller, testified that he saw Etherington near Moundbuilder's park, July 8, 1910, surrounded by a crowd of men; didn't remember what was said by the crowd.

"Knew William Howard, saw him hit Etherington with a blackjack and the latter shoot Howard; saw Etherington run west along the Hebron road and stopped by William McKinley and a man named Kapps who brought him back to the Last Chance where he was put in the patrol wagon."

"Howard would probably have weighed about 200 pounds. Etherington maybe about 140 pounds."

Cross examined by Mr. James: "Am guessing at the weights of the two men named, suppose Etherington was probably 20 years old; never saw the man but that one time."

"Saw an automobile about that time but did not know who was in it nor did I see Etherington attempt to get in it."

Emanuel Blount.

Examined by Mr. Smythe. "Early in the afternoon of July 8, 1910, observed a crowd on Union street near Moundbuilders' park; there were probably 50, moving toward the Last Chance saloon; they had a man in front forcing him along he was bleeding and appeared to be badly used up; knew several in the crowd; saw Ed Owens, Lem Smith and several others; saw Lem Smith strike the man in front; heard crowd yell "hang him, kill him," and saw the man frequently beaten and struck."

Cross examined by Mr. James: "Howard had been taken away before I got down to the Last Chance, where the crowd had taken Etherington; don't know defendant and don't know if he was out there that afternoon, I didn't see any parties in an automobile."

Charles O. Burke. Newark Patrolman examined by (Continued on Page 11—Col. 3.)

REMOVING UNSIGHTLY HAIRS WITH A SIMPLE SOLUTION.

If your face, arms or neck is marred with those unsightly and bothersome hairs, it is useless to waste time any money with powders and pastes which only burn the hairs off at the roots, causing them to come in again heavier than ever, and it is unnecessary to resort to the painful electric needle. Beauty specialists now agree that the surest and safest way is to dissolve the hairs with a simple solution that you can get at any drug store. Go to your druggist and ask him for an ounce bottle of sulfo solution, apply it freely to the hairy places, keeping them moist until you see the hairs have actually been dissolved. You will be surprised to find how really beautiful you look after these unsightly blemishes have been removed. Sulfo solution does not burn, in fact does not even irritate, but does the work quickly leaving the skin soft, smooth and white.

Druggists charge \$1.00 per ounce for sulfo solution. If you prefer you can get sulfo solution by mail in a plain wrapper from the Cooper Pharmaceutical Co., 31 W. Lake St., Chicago, Ill. Sulfo solution is sold and guaranteed by Erman & Son's three drug stores.

Pathe's Weekly Current Events at The Grand Theatre.

NEW BETHEL

Owing to illness, Rev. J. P. Wolf of Indiana, was unable to fill his appointment at Bethel last Sunday.

Mr. and Mrs. Goff spent Sunday with Mr. and Mrs. Erwin Bailey of State Road.

Mr. and Mrs. Vince Lake of Johnstown and Mr. and Mrs. J. M. Welch spent Sunday with Mr. and Mrs. Doug. Grandstaff and family.

Mr. and Mrs. Rallie Myers and three children of New Way spent Saturday night with her parents, Mr. and Mrs. H. J. Debolt and son Oris.

Mr. Roe Hogle and family spent Sunday with his son, Mr. Charles Hogle and family.

Mr. and Mrs. Ernest Downing and two daughters, Wilma and Grace were Sunday guests of Mr. and Mrs. J. W. Grandstaff and family.

Miss Matena Barons spent Sunday afternoon with Miss Ethel Grandstaff. Mr. Gus Cross is building an addition to his residence. S. A. Grandstaff is doing the carpenter work.

Several scholars in District No. 7, have been absent from school the past week on account of sore throats.

Quite a number of Bethelites attended the pumpkin show at Delaware, Friday and Saturday.

Rev. J. P. Wolf will preach a trial sermon for the people of Bethel next Sunday at 10:30.

Register this evening.
Hours 4 to 9.

Dinner.	
Boiled Corned Beef	Savory Cabbage
Potatoes	Apple and Nut Salad
Waffles	Pineapple
Coffee	Cheese

Recipes for October 21, 1911.

Brown Hashed Potatoes—Chop one heaping pint of raw potatoes with enough (lean) salt pork (raw) to make four tablespoonsful. Put the pork in the frying pan, let it cook long enough to be a golden color. Then add the potatoes and fry a light brown. Turn off all the surplus fat, spread the potatoes down like a fan, brown the under side, turn like an omlet. Serve hot.

Pump Slump—Pick over one pound of pumpkins, wash well in warm water, then drain, cover with cold water and let soak over night. Put in a double boiler and cook slowly until very soft. Add sugar to sweeten to taste, turn into a saucepan which is rather wide than deep and stand where the contents will just boil. Mix together one cupful and a half of flour, one teaspoonful and a half of baking powder, and one-third of a teaspoonful of salt, add sweetened and mashed potatoes, turn out on a floured board, roll out until just large enough to fit in the saucepan, lay it carefully over the boiling pumpkins, cover closely and cook for twenty minutes without uncovering. Lift out on a platter, pour the pumpkins round it and serve with cream and sugar.

SKIN DISEASES QUICKLY HEALED

The Five Drop Salve is a combination of the most powerful and effective skin treatments. It is used in cases of eczema, itching, pimples, running sores, boils, wounds, burns, salt rheum, acne, ring worm, piles and many other skin eruptions. A most excellent preparation for sore chafes and scalp humors.

The Best Remedy in the World for Piles. C. P. Ramsey, Washington, D. C., writes: "I used the Five Drop Salve for years and everywhere it touched it cured. It also cured a man here who had been long to anke and was in a very painful condition. Two applications cured him completely. It not only cured him but it cured him for good. A most excellent preparation for sore chafes and scalp humors. Chicago, Ill., and it will be sent postpaid."

Register this evening.
Hours 4 to 9.

Finest Line of Comforts and Blankets You Have Been Offered at this Time of the Year at Such Remarkably Low Prices.

Restored to Health

The body building and nourishing qualities of Duffy's Pure Malt Whiskey restored a very sick woman to the best of health. It will do the same for you if you will give it a chance.

She recently wrote: "I am a regular user of Duffy's Pure Malt Whiskey and I have derived much benefit from its nourishing qualities. It is the greatest tonic and stimulant I know of for weak systems. I was very sick some time ago, but owing to this elixir of life, I am enjoying splendid health at present. I should have written sooner and thanked you for the good your whiskey has done and is doing for me. It is the real medicine of the American people." Mrs. James Craven, Waltham, Mass.

Duffy's Pure Malt Whiskey

STANDARD OF PURITY AND EXCELLENCE SINCE 1860

If every man and woman in the United States would only appreciate what this great family medicine does toward building up the system, driving out the disease germs by strengthening the digestive organs and quickening the circulation so as to prevent a cold or other form of congestion from becoming deep rooted, ninety per cent. of the illness would be avoided. When people get sick they blame different causes, but if they would only stop and think the chief cause is the system is allowed to run down; the blood becomes thin, the digestive organs are not strong enough to do their work properly, the tissues become weakened, the kidneys are unable to carry off the waste matter. The result is pains, aches, and all kinds of troubles. Just give your system a chance; build it up by taking Duffy's Pure Malt Whiskey as directed; it will build new tissue, help the stomach digest the food, strengthen the heart action, enrich the blood and invigorate the body, brain and nerves.

Duffy's Pure Malt Whiskey is the only whiskey that was taxed by the Government as a medicine during the Spanish-American war. Sold in SEALED BOTTLES by druggists, grocers and dealers, or direct, \$1.00 a large bottle. Our doctors will send you advice free, together with a valuable illustrated medical booklet on request. The Duffy Malt Whiskey Co., Rochester, N. Y.

EVERYBODY INVITED

Scott's Emulsion

is the Vitalizer—and your opportunity.

ALL DRUGGISTS

***** Quarter Century Ago. *****

(From Advocate, Oct. 20, 1886.)
 Conductor Billy Butterworth has returned home after a two weeks' visit with relatives in Alabama.

Burglars entered the residence of Mr. Henry Dase on German street last night, but secured nothing for their palus.

There is on exhibition at Kuster's restaurant, on the north side, an eel three and one-half feet in length, which was captured in the Licking reservoir.

Fifty Years Ago Today. Oct. 20.

Rule of assigning soldiers to erect fortifications was abandoned, the war department at Washington announcing that hereafter such work would be done by laborers.

Twenty-five Years Ago Today.

Intercession by the United States in behalf of Robert E. Sproule, an American citizen, was a recognized failure, and Sproule was hanged at Victoria, B. C., on the 20th for the murder of Thomas Halmell Keating.

made to burglarize the place. When the officers arrived there was nothing doing and they had their long trip for nothing.

Oyster supper at G. A. R. Hall Saturday evening, Oct. 21st from 5 to 8 p. m. Program at 7:30 by daughters of Veterans. All for 20 cents.

Hay's Hair Health

Restores color to Gray or Faded hair—Removes Dandruff and invigorates the Scalp—Promotes a luxuriant, healthy hair growth—Stops its falling out. Is not a dye.

Hay's Hair Soap is requested for Shampooing the hair and keeping the Scalp clean and healthy, also for red, rough chapped hands and face. 25c. at Druggists.

REFUSE ALL SUBSTITUTES
 For Sale and Recommended by
 W. A. Brown & Son.

Old Guards Attention.

There will be a drill of the Old Guard on Saturday afternoon, and every member of the organization is requested to be at Memorial Hall at two o'clock.

Improvements Being Made.

A great improvement is being made in the Miller floral store and grocery. The stock has been so greatly enlarged that it has become necessary to extend the room back. The extension will be completed in a few days and the stock will be rearranged.

Injures Arm.

Edward Fwald, chauffeur, driving the large delivery machine for the John J. Carroll store met with an accident Thursday. He rode a horse home to lunch and the girl broke throwing him off. He sustained a badly sprained right arm.

Harry Bishop Ill.

Word was received in Newark today of the serious illness of Harry Bishop in Columbus. He was formerly a resident of this city. Todd Bishop of Cedar street, and Frank Bishop of the Union market, both left today for Columbus to be at the bedside of the sick man.

Dislocated Arm.

William Hohenberger, the fourteen year old son of Mr. and Mrs. J. W. Hohenberger, fell from a horizontal bar, used in the athletic training department at the Fifth street school house, dislocating his left arm. Dr. Robinson attended the injury, and the injured lad is now rapidly recovering.

Meeting for men in the West End.

of city at Pine street church has been changed. All be present Monday night at 7:15. Emery.

***** ABE MARTIN SAYS: *****

TOGETHER FIND THE GERMANY WHO TAKES THE PAKHUE FOR A QUARTER.

An all around feller gathers no moss.

It's better 'I have loved an' lost than try to pick out a goart with your wife.

Underwear, 25c per garment to \$2.50. Union suits that fit, \$1.00 to \$1.00 per suit at Mitchell & Miracle's

***** DRIVES A COLD OR THE GRIPPE FROM SYSTEM *****

You can surely end Grippe and break up the most severe cold either in head, chest, back, stomach or limbs, by taking a dose of Pope's Cold Compound every two hours until three consecutive doses are taken.

It promptly relieves the most miserable headache, dullness, head and nose stuffed up, feverishness, sneezing, sore throat, mucous catarrhal discharges, running of the nose, soreness, stiffness and rheumatic twinges.

Take this harmless Compound as directed, without interference with your usual duties and with a knowledge that there is no other medicine made any where in the world which will cure your cold or end grippé misery as promptly and without any other or assistance or bad after-effects as a 25 cent package of Pope's Cold Compound, which any druggist in the world can supply.

Pope's Cold Compound is the result of three years' research at a cost of more than fifty thousand dollars and contains no quinine, which we have conclusively demonstrated is not effective in the treatment of colds or grippé.

GOOD WELLS IN PERRY COUNTY OIL TERRITORY

A report comes from Crooksville that great excitement exists for miles around that place over a great oil strike by the Electric Oil and Gas company on the Brown lease, in the north end of the town, it being estimated that the well will ultimately be good for 300 barrels a day. The well came in Thursday after the drillers had penetrated 58 feet in the Clinton sand. Thursday night there was 100 feet of oil in the hole. Six cartridges were placed in the hole and four more—180 quarts of nitro-glycerine altogether—were placed in the well Friday morning when it was the intention to shoot it, but the result is not known.

The Old Guard.

The Advocate has been made an honorary member of the "Old Guard" of 1861 to 1865. The Advocate acknowledges certificate of membership received today duly signed by Matthew Bausch, captain and J. W. Lehigh adjutant.

Held for Sheriff. John Clendenning of Coshocton, wanted there on a charge of non-support of a minor child, was arrested here yesterday as he was riding through the city on the blind baggage of a Pennsylvania train. He was locked up in the city prison to await the arrival of Sheriff McDonald of Coshocton county who took the prisoner back at noon.

Called the Officers. A telephone message last night from the Country Club to police head quarters asked that officers be sent to the club grounds at once. According to the report, suspicious persons were prowling about the grounds and it was feared that an effort would be

***** FEET TIRED SO TIRED? *****

TIZ Makes Sick Feet Well, No Matter What Ails Them.

TIZ acts at once and makes tired, aching, swollen feet remarkably fresh and sore proof.

It's the sure remedy, you know, for everything that gets the matter with your feet. It's for sore feet and for corns, callouses and bunions, too.

For years I have been troubled with sore and tender feet; suffered intense pain. Have had the assistance of physicians without relief. I bought a box of TIZ, which worked a perfect cure, as it has with a great many of my friends. I would not be without it. All it requires to be known to be universally used." A. P. Drountzer, Chicago.

TIZ is not a powder. Powders and other foot remedies clog up the pores. TIZ draws out all poisonous excretions which bring on soreness of the feet, and is the only remedy that does. TIZ cleans out every pore and glorifies the feet—your feet.

You'll never limp again or draw up your face in pain, and you'll forget about your corns, bunions and callouses. You'll feel like a new person.

TIZ is for sale by all druggists, 5c. cents per box, or it will be sent you direct, if you wish, from Walter Luther Dodge & Co., Dodge Bldg., Chicago, Ill.

AMUSEMENTS

What the Press Agent Says

Orpheum.
The comedy farce, "A Yard of Music," as presented by Boutin and Tillson at the Arcade theatre the last three days of this week, was incidentally the cause of much excitement during their first performance Thursday evening. Their stage setting is that of a farm yard and everything from the milk cans to the automobile proves to be a musical instrument. Even from the fence surrounding the yard comes the sweetest of music.

But the real excitement came when "Farmer Boutin" introduced his "long distance telephone." It is just a child's toy piano, but the keys are attached to bells which give forth sweet music. While every one was guessing as to just where the mysterious music was coming from, one of the bells under a young lady's chair suddenly sounded a shrill and unexpected note. This proved too much for her nerves and a hysterical shriek was the result.

Manager Bassett, who is always on the watchout for everything, hurried through the excited crowd which had gathered around the nervous young lady, and on hearing the cause of the excitement offered to do anything he could for her comfort. She thanked him very kindly and much to the surprise of all, recovered her self-control quickly. The affair would have ended there, but the performers began jollying her from the stage to relieve her embarrassment. She was equal to the occasion, however, and soon the audience was given some lively gratis entertainment in a battle of sharp and witty repartee between her and the comedians. This reached a climax when Mr. Boutin jokingly offered her \$10 if she would come on the stage and sing something for them. Much to the surprise of all she skipped up the steps to the stage, and her voice rose in volume of sweetness to the accompaniment of the piano. She was forced to respond to several encores. The young lady wishes that her name be kept out of the papers so that only those who happened to be present will be any the wiser as to the name of the witty, pretty, nervous miss.

Ewen and Prime are presenting a comedy playlet, "The Taming of Eleanor." They are two capable people and handle the sketch admirably. The dialogue, action, stage business and acting are very entertaining and interesting.

Matthew West and Nella Alquist, in an eccentric singing, dancing and talking skit, proved quite a success. Miss Alquist's rendition of "What a Funny Little World This Is" was very pleasing. Their talking was full of good, clean comedy and the act as a whole was exceptionally clever.

Francis and Lewis have a novelty strong acrobatic act which is pleasing. Their feats of strength and skill are very remarkable.

The Orpheum has a feature film.

The New Bohemian Girl.

Containing exquisite lyric gems, including the fine old song, "Then You'll Remember Me," "I Dreamt I Dwelt in Marble Halls," "The Heart Bowed Down," combined with a full grand opera performance and a stage spectacle of great magnitude and novel up-to-date features figure in an elaborate revival of the Paris version of Balfe's great lyric drama, "The Bohemian Girl," which is to be presented at the Auditorium on Saturday, October 21, matinee and night, by the Aborn Opera company.

The big production is said to enlist an ensemble of 100 artists, with solo cast chorus, corps de ballet and orchestra of grand opera strength, and introduced in the highly spectacular features of the work are a troupe of real "gymnasts" or "gymnasts," trapeze artists, dancers, fortune tellers, a cavalcade of horses and several 60-foot carloads of gorgeous and massive scenery.

John A. Himmelman Associate Players.
Himmelman's Associate Players, featuring Miss Besse Dainty, will open their week's engagement with the "Rose of Killarney." The theatre-going public of this city is justified in having more than a passing interest in this gifted young actress who today stands foremost in ability among American actresses in this country. Miss Dainty needs no introduction to local playgoers as she has long since made a name for herself on many previous occasions. The universal verdict both from press and public credits this charming player with a completeness of detail and insight into character that has made her work of pleasurable memory to us all. Possessing great artistic temperament she is always the embodiment of naturalness. Miss Dainty's supporting company for her present tour has been engaged with great care.

Monday matinee, "Rose of Killarney." Monday night, "In the Bishop's Carriage." Ladies free as usual for the Monday evening performance.

It is never too late to learn that it is too late.

BE TRUE.

In times of crises the demand is not for men of genius nor men of worldwide fame, but for those who are true. It is not necessary that we should succeed as the world counts success, but if life be worth the living it is absolutely essential that in all things we should be true. Be true to your ideals. Set them high. You will hardly rise above them. Let them lift you in spite of life's undercurrents. Keep your eyes up, your vision clear, your faith steady. Be true to your convictions. Only test them well. See if they will hold when the strain is heavy, the sky starless, your friends few. If they hold follow them.
—Rev. J. Wilbur Chapman.

WHY THE RUSH TO TEXAS?

As Population Increases the Unoccupied Good Land is Steadily Being Settled.

Since the Lord ceased making soil six thousand years of sweat and toil have passed away, but don't forget that He is making people yet.

I wonder if you know that the first car of cantaloupes grown this season went from southwest Texas in the middle of May and sold for \$2400.00.

The citrus fruit industry has passed the experimental stage. Fine table grapes are grown, the Seedless Sultan, muscat of Alexandria and Flame Tokay ripening in June.

If we sold our land for as much as you get, our cotton with dry farming would be more profitable than small grain here, but with irrigation, think of our profits and on land only costing \$50 per acre.

When we tell you it is cooler in summer than here it is hard for you to believe us, it gets hot, certainly, but it is not the moist, sultry, sticky heat you have and the heat is always tempered by the delightful breeze ever blowing off the Gulf of Mexico.

The land we offer for sale is located near Cotulla, Texas, and the following farmers get their mail at Cotulla, so write them if you like as these statements are sworn to by them:

E. A. Keck netted \$3,047.45 from nine and one-half acres.

Talbot & Guthrie netted \$5,140.00 from seventeen and one-half acres.

Pool & Knotts netted \$6,800.00 from 20 acres.

F. I. Rock netted \$4,000.00 from ten and three-fourths acres.

Above returns are for one crop of Bermuda onions and Mr. Rock got a bale of cotton per acre following a car of onions per acre.

Col. J. R. Black has almonds, English walnuts, olives and prunes, besides many kinds of garden vegetables and fruits of various kinds on his 400 acres under irrigation. Would you go to see his fields of corn, Kaffir corn, Milo Maize and Alfalfa, he is one of the men in our country shipping hogs in car lots.

\$10 cash and \$10 per month for 49 months without interest or taxes buys 10 acres of our land which will net you over \$3000.00 per year and you can have possession of the land after the first payment.

Car open every day and evening, we leave soon—bring your wives, be one of the few who act instead of plan. Texas Land Car, Opposite B. and O. depot, Dyal & Company.

ELK'S INNING LAST EVENING WAS A SUCCESS

Held in the New Arcade Hall and Attended by Several Hundred.

The Elks last evening entertained lodge members and a number of friends at the first winter inning of the season, one of a series which will be given during the coming winter months. The inning occurred in the new Arcade Hall in the rear of the Trust building and Opera House block. The hall had been especially prepared for the occasion by the Arcade Realty company and the Elks have the distinction of being the first to use it.

The hall was brilliantly illuminated with ten large lights encased in Holophane reflectors. No attempt had been made at decoration with the exception of the pillars being entwined with Elk colors. The hall was greatly admired by the several hundred present and the large floor space permitted the placing of a number of card tables which formed the chief diversion of the evening.

A buffet luncheon was served under the direction of Caterer Joseph Kuster

Jr., and consisted of clam chowder, Westphalia ham, roast beef, salads, baked beans, celery and other good things. The affair proved very enjoyable and all present had an excellent time.

Never can tell when you'll mash a finger or suffer a cut, bruise, burn or scald. Be prepared. Dr. Thomas' Electric Oil instantly relieves the pain—quickly cures the wound.

MINER HAD HIS BACK BROKEN

Coshocton, Oct. 20.—James Barons, 44 years old, a miner, was caught under a fall of slate in the Morgan Run mine here yesterday and his back was broken. He will probably die. Barons was working in a stooped position when the fall occurred and 600 pounds of stone and slate doubled him up like a jack knife. He is married and has six children.

Poorer men go stale from overwork than from overrest.

PRELATES OPPOSE PROGRESSIVES

Cardinal Gibbons and Archbishop Ireland Take a Stand.

IS CHURCH BEHIND TAFT?

Catholic Dignitaries Declare Against the Initiative, Referendum and Recall, Also Direct Election of Senators. Tillman a Candidate For Re-election. Are Indians Related to Japs?

By ARTHUR W. DUNN.

Washington, Oct. 20.—[Special.]—Progressives in both political parties should be interested in two declarations made within the past month by two very influential men, Cardinal Gibbons and Archbishop Ireland of Minnesota have emphatically declared against the initiative and referendum and the recall. Both of these policies are progressive—in fact, they are keystones of progressiveness in politics. That such eminent prelates as Gibbons and Ireland should enter the political field and make such strong declarations means the exertion of a strong church influence against progressive policies. Cardinal Gibbons went further and declared against the election of senators by direct vote of the people, although two-thirds of both senate and house have endorsed that change in our fundamental law.

Catholics For Taft.

Three years ago it was generally understood that the Catholic church dignitaries were very friendly to President Taft on account of his work in the settlement of the friar land dispute in the Philippines. Since that time the friendship has continued. It is believed that the influential men of the church are today very friendly to President Taft, and the utterances of two great prelates just at this time are construed by politicians to mean support for President Taft because he has been criticised so severely by the progressives for his veto of the Arizona bill and his message against the recall.

That church support in the past has been an important element in politics, especially in presidential campaigns, is well known, and political forecasters whose judgment is worth considering are predicting their prophecies of Taft's re-election upon the belief that church influence will pull him through.

They Hate to Let Go.

The average senator hates to die or retire. Given a choice, it is presumed senators would take retirement in place of death, but the record of the senate is that they hate to let go. Senator Tillman of South Carolina, broken in health, unable to attend meetings of the senate more than a few days each session, a ghost of his former strong, virile, vigorous personality, is a candidate for re-election. Tillman's last appearance in the senate was during Bailey's remarkable speech in defense of Lorimer. Tillman bowed down upon his desk and wept at different times, overcome by the wondrous oratory of a man he has so long admired. Sentiment plays such an important part in the affairs of the American people that it would not be surprising if Tillman should be re-elected.

Working "Old Abe."

Congress, having provided \$2,000,000 for a monument for Abraham Lincoln, has whetted the appetite of all those who want a part of it or who want something done so that they will benefit. They want a highway to Gettysburg, to Richmond or to any other point along the route of which they have real estate; they want a big arch near the railroad station; they want an opera house; in fact, every fellow wants something that will give him a chance to benefit by that \$2,000,000 expenditure. "Old Abe" never expected to excite any contention of this kind.

Must Have Been Related.

Our North American Indians and the Japanese must have been related in the far away times. Look at the similarity of names. Over in Japan there are Shimomoseki, Wakamatsu, Hakata. In Washington state there are Stellaquamlie, Snohomish, Klickitat and Skagit. Many more similar examples could be given of names along the Pacific coast and especially in Alaska. If names count for anything there must have been a common origin of the races.

Bourne and Penrose Chums.

Bourne the progressive and Penrose the successor of Aldrich and head of the standpatters have become right good chums. While the Oregon senator was in Atlantic City during the summer he was frequently the guest of the Pennsylvania senator on the latter's fine yacht. They went fishing and sailing and otherwise demonstrated that the factions in the Republican party do not sever friendly relations. There are people who assert that Bourne is bringing Penrose over to the progressive camp. This is not credited, however, as the age of miracles has passed.

Stephenson's Memory.

A Wisconsin man was extolling the wonderful memory which Senator Stephenson possesses, which caused a man to remark that the senator did not communicate that memory to his campaign managers. He referred to the fact that they have not been able to give many details about the expenditure of the senator's money during his campaign for the senate.

"BACK TO THE FARM."

Editor Advocate:—The "Back to the Farm" movement still has many advocates. Particularly is this true with the magazines and city dailies. Great stories have been featured, and many city people led to believe that the farmers of this country are rolling in wealth and automobiles. True the price of farm products has been higher than a few years ago, but so has everything the farmer has to buy, including the land from which he produces his crops. So taken as a whole it is doubtful whether the average farmer is receiving any more net profit than he did when all prices were lower.

The price which the consumer pays for farm products is high, but government investigations show that for every dollar which the consumer in the city pays, only about 35 cents gets back to the farmer who produced the article.

It is very largely these high prices, and fabulous stories that are responsible for the "Back to the Farm" movement.

Thousands of city people have invested in land, oftentimes worthless, only to find that the newspaper stories were largely overdrawn. Land speculators, too, have helped the movement. Many of the big city dailies carry whole page "ads" exploiting some section, painting its advantages in glowing colors, but being strangely silent as to its disadvantages. If these lands were so valuable for farming or fruit growing and such immense profits could be guaranteed then it would not be necessary to advertise them. Millions of dollars are awaiting a safe and sure investment, but it is not invested in farm lands because the profits are too uncertain. A very slight overproduction of any staple crop forces the price below the cost of production. Take wheat for instance. The government experts have estimated that it costs 79 cents per bushel to produce wheat in Ohio, yet wheat has been selling in central Ohio markets for 80-85 cents per bushel, a very small margin over the cost of production.

For several years there has been a short crop of apples and consequently high prices. Yet this year thousands of bushels of apples have gone to waste, for want of a market that would

pay for handling them, and only the very best is salable.

The man with a good position in town ought to consider very carefully before he gives up his position to try his fortunes at farming, which is a very hazardous undertaking for a man unacquainted with the business. It would seem however to be a good move, for editors and reporters, who have helped this "Back to the Farm" movement, to personally try their hand at the job for a few years, and give their advice from personal experience.

FARMER.

BOUND OVER FOR SHOOTING AT GIRL

Frank Houston was arrested Thursday night on a charge of shooting to kill, it being alleged that he took a pot shot at Dolly Dew on Walnut street Wednesday night. Fortunately for Dolly, his bullet went wide of the mark and she was unharmed. Houston was given a hearing in police court Friday morning and Mayor Ankele found sufficient evidence against him to warrant holding him to the grand jury under \$300 bond. He was taken to the county jail Friday morning.

Singleton—"And have you told her everything of your past life?" Newlywed—"Everything? Great Scott! I've only been married two weeks. Give me time."

Here Is a Remedy That Will Cure Skin And Scalp Affections

AND WE CAN PROVE IT

The Evans Drug Store says to every person be it man, woman or child who has an irritated, tender, inflamed, itching SKIN or SCALP, you need not suffer another day. "We have a refined skin preparation that acts instantly and will bring you swift and sure results."

One warm bath with ZEMO SOAP and one application of ZEMO and you will not suffer another moment and you will soon see a cure in sight.

ZEMO and KEMO SOAP are proven cures for every form of skin or scalp affection. They are sold by one leading druggist in every city or town in America and in Newark by Evans Drug Store.

Men's Suits

If thoroughly good clothes at no higher prices than the ordinary kind appeal to you, you will like ours. You can't get good wear out of shoddy material or poor tailoring. You don't have to be an expert judge of either material or workmanship if you come here, because we don't handle the poor kind. We're strong on quality.

The range of materials and colors is splendidly complete—serges, worsteds, cassimeres, tweeds, chevots and thibets.

There's A Golden Sun Coffee For Every One

special blend that's just made for you.

All people don't like the same coffee flavor. That's why we make five separate blends—uniformly good—of Golden Sun Coffee.

There's one for those who prefer a keen, tangy, sparkling beverage. Another for those who like a mellow, velvety cup of coffee. Then there's a distinct Mocha & Java for those who prefer this blending.

Go to your grocer. Let him show you the different blends of Golden Sun Coffee—Karex, Navarre, Briardale, Vienna, Mocha & Java. He will give you a Table of Tastes so that you can tell by description what blend you like best.

Golden Sun Coffee is sold whole bean in packages—steel cut in cans. One pound containers or larger if you desire.

DIEHL TRIAL

(Continued from page 2.)
Mr. Smythe testified about going to the Last Chance saloon, on the afternoon of July 8th, 1910, the loading of Etherington into the patrol wagon, and the drive to the county jail, menaced by a crowd on West Main and Third streets, which followed the wagon to the county jail.

The cross examination by Mr. James brought out nothing new. Robert Francis, patrol wagon driver, was examined by Mr. Miller and testified substantially the same as Officer Burke, and nothing of any importance was brought out in Mr. James' cross examination.

Joseph Moser.
Examined by Mr. Smythe.
"Was state officer Ohio Electric Railroad on July 8th, 1910, came down town about 11 o'clock in the morning and saw a crowd of 400 or 500 people in front of the Bismark saloon, on West Main street; learned that the place had been raided; went to the front door and stayed there for about 15 minutes; patrol came and several city policemen and I brought out the dry detectives under arrest and put them into the wagon and started to the city prison, followed by the crowd, which became loud and demonstrative. Afterward went to Henry's place with Officer Burke. Saw Etherington at the county jail that afternoon and he told me about the treatment received by the crowd near the park, and about Howard hitting him over the head with a black jack, and his shooting of Howard."

"Went home to supper and got down town about 7 o'clock that evening; went into the county jail and heard speeches of Montella Watha and Art Dover."

Witness then detailed what occurred in the jail when the mob dragged Etherington from the cell and took him along Third street and the south side to the pole where he was hanged. In front of Crane-Bliss hardware store, he saw a man walking along with a hammer, but did not know who it was.

"Saw Reub Barker knocked down when he protested against hanging the man, and at the pole heard some one say, 'Oh, that ain't right,' just as some one hit the man with a hammer; then saw him pulled up and hanged."

Witness said he went to the morgue and witnessed the post mortem and described the wounds on Etherington's head.

The cross-examination of the witness by Mr. James although exhaustive, brought no further facts to light, that were not testified to in the examination in chief, except that witness stated that he did not see the blow struck with the hammer, and had never seen Walter Diehl before the present time.

BOWLING

City Quintet League.
In the City Quintet League last night on the Atherton alleys, the Keen Kutters won two games out of three from the K of C team. R. Tracy rolled high score and was tied with Phelan for high average. The scores:

No general admission at the gate.
Admission to Grand Stand, 10 cents.
Races begin at 1:30 sharp.

ALL PROFESSIONALS AT NEWARK SUNDAY

Sunday will probably witness the close of the base ball season in Newark when the All Professionals of Newark play with the strong Atherton team.
The All Professionals' line-up will include several of the old 1907 stars, the Molders who made Newark famous in the close race with Youngstown for the pennant in that year.
The line-up of the All Professionals

Dear Madam:

Perhaps you are still using raw, germ-laden milk, bought from the milkman daily. There are millions of others like you. It is hard to change customs a thousand years old.

But you know that danger always lurks in raw milk. There are millions of germs in each spoonful. You know there are many tubercular cows. And you know, or should know, that most infant mortality is caused by the germs in milk.

You know that pure milk is our greatest food problem. That milkmen are coming to pasteurized milk. Within a few years, beyond any question, raw milk will be as rare a food as raw meat is today. And for the same reason—the danger of germ infection.

In the meantime we urge—and physicians urge—that you give children a germless milk.

Done Simply by Heat

This is how milk is made utterly sterile at all the Van Camp dairies.

In the first place the dairies are sanitary. The cows are inspected. Cleanliness is carried to extremes.

The milk is all tested. Then, while fresh from the cows, it is put in a copper vacuum. There, without scalding the milk, we evaporate two-thirds of the water.

Then the milk is sealed up in cans. Then each can is pasteurized by heat. The milk then is utterly sterile—absolutely free from germs.

Van Camp Packing Co.
Indianapolis, Ind.

Whatever Your Prejudice Give Children Clean Milk

Nothing whatever is added—no sugar, no preservative. Nothing but water is taken out. When you replace the water, the milk is the same as it came from the cows, save for the sterilization.

America's Finest Milk

We have dairies in seven states, each in the heart of a great dairying section. They are supplied with high-bred Holstein cows.

To bring this milk to you in perfect condition we employ famous Dutch and Swiss experts. We have spent \$100,000 in the past seven years to perfect our dairy processes.

The result is the finest milk produced in America—equal to the milks of Switzerland. Please note that. Whatever your prejudice against "canned milk," you will never in the world taste better milk than Van Camp's.

Like Using Cream

The milk comes to you as thick as thick cream. For coffee and cereals most people dilute it. It is 28 per cent solids, 8 per cent butter fat.

In coffee it tastes like the richest cream. On cereals it tastes like sterilized cream. In cooking it gives you a richness and flavor never obtained from raw milk.

Not because of anything added. This is simply the whole rich milk. That flavor is only the natural taste of whole milk.

Milkman's milk separates, so you rarely get the whole milk. Butter fat rises and solids fall. When that milk gets to the cooking it is rarely

more than a half-milk. That's all the difference. But just note from one milk dish what a difference that makes.

A Cow in the Pantry

You can buy, if you wish, a month's supply at a time. Have rich milk and cream always on hand—all that you want with none ever left over. For the opened can keeps until you use it up.

Imagine what it means to have milk and cream for a month, all stored on the pantry shelf. Think what you are losing in convenience alone by buying from hand to mouth.

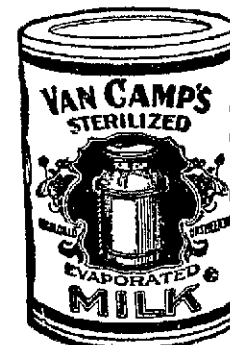

Saves About Half

Now comes the strangest fact. This ideal milk, whole, rich and sterile, costs less than milk-wagon milk. This Holstein milk, from model dairies, less than milk from mongrel cows.

We save you the cost of the milkman's daily delivery. That costs more than the milk. And we save you all the waste. In the average home the use of Van Camp's milk cuts milk bills right in two.

We are milking 30,000 cows per day to supply the demand for this milk. Won't you learn why so many use it?

The 16-oz. can—a full pint of Van Camp's—costs 10 cents. The 6-oz. can costs 5 cents. That's with two-thirds the water evaporated. Your grocer gets it from our nearest dairy.

Van Camp's Milk Evaporated—Sterilized—Unsweetened

DO NOT FAIL TO REGISTER

Friday and Saturday are the last registration days before the coming election. The voting booths will be open tonight until 9 o'clock, and will open again tomorrow morning when voters may register up to 2 p. m., and again from 4 to 9 p. m. Anyone who knows of a voter who has not registered is requested to notify James McCarthy, Call Automatic phone, 2579.

Juvenile Court.
Daisey E. Coulter, of Utica, aged 15 years, was brought before the Juvenile court Friday on a charge of delinquency, and was ordered to be taken to the Girls' Industrial Home at Delaware. Mrs. Miller, probation officer, took her to Delaware Friday afternoon and turned her over to the officials of the home.

OUT GOES RHEUMATISM

RHEUMA is guaranteed to drive out every bit of Rheumatic Poison or money back. That's a pretty strong, ironclad guarantee, but Evans' drug store will stand back of it every day in the week.

If you suffer from Rheumatism of any kind whatever, put RHEUMA to work today. RHEUMA doesn't waste any time getting ready, but starts the first day to act on the kidneys, liver, bowels and blood and to drive the poisonous uric acid, which is the cause of Rheumatism, from the system.

If you haven't Rheumatism yourself, tell your Rheumatic friends about this money-back offer. A bottle of RHEUMA only costs 50 cents at Evans' drug store or mailed charges prepaid by Rheuma Co., Buffalo, N. Y. Send for free trial bottle.

For acute indigestion or any stomach misery get ENGLISH MARJUE, 25 cents at Evans' drug store. Mailed by Rheuma Co., Buffalo, N. Y.

WRECK

(Continued from Page 1.)
of bruises and cuts. The most serious of the former was one in his side and on his legs. Flying glass cut him slightly. He was unconscious for half an hour and was wedged tightly between two seats by the impact. He was attended by Dr. C. T. Okey at the Neil House, to which he was rushed in an automobile.

Engineer Denny, who was badly scalded and suffered bruises about the legs and back, may have internal injuries. He was removed to the Protestant hospital in Fisher's ambulance.

No blame can be attached to the crew or inspectors, in the opinion of railroad men who viewed the engine. As thoroughly as the locomotives are inspected before making their runs, there is said to be little chance that a defective tire would escape the notice of the car inspectors.

Under this theory there remains only the possibility of the undetermined factor of the hammer thrust, or blow delivered by the driving rod every time it goes over, each blow of many tons potential, and concerning the effect of which the most expert railroad men are much at variance. It has been known to wreck a railroad bridge and the theory has been se-

Mitchell & Miracle

YOU want good looks and service out of your suit or overcoat for more than the present day or week.

Don't forget that the weeks and months to come are just as important.

Get "All-Wool"! Get hand tailoring!

The way to make sure of "All-Wool," to be sure of hand tailoring, is to let us fit you in a suit or overcoat with the Kirschbaum label.

Every Kirschbaum garment shows careful hand tailoring. The permanent, lasting shape is needle molded by hand on solid foundation of hair cloth and shrunken canvas.

Prices, \$15 and up. Money back—our guarantee.

Look for the Kirschbaum label—the identification mark of the best clothes made.

The Kirschbaum \$20 "Dixie" is a pleasing, natty suit for young men, handsomely hand tailored from rich "All-Wool" fabrics.

Make-Man Tablets for Weak Nerves—Free

Nine persons out of every ten are more or less afflicted with some nervous disorder caused by the impurity of their blood. It may hardly be noticeable at first, but the disease is bound to grow worse if not checked in time. If you are a nervous wreck, your vitality or low ebb, losing weight, it is hard for you to withstand disease. Nervous Breakdown, Prostration, Kidney and Liver Troubles, Rheumatism, Sleeplessness, Melancholia, Wasted Vitality and even Consumption are all forms of nervous and blood disorders. They will all lead to an early death if not treated in time. Make-Man Tablets nourish and enrich the blood, and they strengthen and restore every nerve cell in the body. Make-Man Tablets build up strength and flesh and bring perfect health. Try them today. Sold at 50c a box on a positive guarantee or money refunded, by your druggist.

THE ODD FELLOWS AT ST. LOUISVILLE DEDICATE NEW HOME

One of the red letter events in the history of the Odd Fellows of St. Louisville, this country, was the dedication of their new and handsome hall Thursday evening, just completed in that place.

The ceremonies incident to the dedication of the new hall were conducted in the afternoon by Grand Master Bechtel of Akron and Grand Secretary Lyman of Columbus in the presence of a large number of Odd Fellows.

The new building, which is located on the main street of the village, is supplied with a commodious lodge room on the second floor, together with ante-room and parlor, and makes one of the largest and most convenient lodge rooms in the county. The first floor consists of a large hall, which will be used for banquet and entertainment purposes.

The meeting in the evening is said to have been the largest meeting of Odd Fellows ever held in the place. Visiting members being present from Newark Union, Mt. Vernon, and all the surrounding towns. During the early part of the evening a large hay wagon crowded with Odd Fellows and Rebekahs, and drawn by four horses, arrived in the village, and created quite a little flurry of excitement. During the evening, meeting the degree staff of Newark lodge put on the first degree in a manner that was highly pleasing to all the visitors. Refreshments were served both in the afternoon and evening.

There are 35,000 Russians at work in Scotch coal and iron mines.

Look out for the man whose methods should be looked into.

WIFE ENAMORED OF HANDSOME MAINE GUIDE

Bridgport, Conn., Oct. 20.—Worn out by the ordeal of three long days in Court, Mrs. Walter Ferguson, who was Emeline Carstairs, of Philadelphia, swooned and was unable to take the witness stand in the Fairfield County Superior court here when her lawyers were ready to call her to deny the sensational charges made by Walter Ferguson, Jr., her millionaire husband, who charges that she became intimated with George T. Graham, a handsome Maine guide, who, she believed possessed psychic power.

A deposition by Albert F. Owens of Greenville Junction, Maine, was introduced by counsel for the husband, in which Owens said he was hired by Graham in 1909 to assist him at the Ferguson camp at Moosehead Lake.

He could not help but notice the intimacy that existed between Graham and Mrs. Ferguson, he said. Day after day they were in the woods, hunting or canoeing. At night they would sit hours together by the campfire.

Owens was engaged by Graham again the next year, he said. He found Mrs. Ferguson and the handsome guide on the same intimate terms.

One morning he went to Mrs. Ferguson's tent with water for her bath and discovered her clad in a kimono and locked in an embrace with Graham. The couple quickly changed their position when they saw him, Owens said, and soon after the episode he was discharged.

George Owens, a brother of Albert, gave similar testimony. The witness said Mrs. Ferguson told him Graham had spiritualistic powers. Graham failed to pay him for his services as guide until six months later, the witness said, and then Mrs. Ferguson's lawyer gave him a check for \$320.

NEWARK HIGH VS. MT. VERNON 2:30 SATURDAY

Two Teams Evenly Matched and a Good Game is Promised for Football Enthusiasts.

After a rest of two weeks, the Newark High school football team will go into a game Saturday against the fast Mt. Vernon team with good chances of winning. The game Saturday will be played at the Y. M. C. A. athletic field at 2:30 o'clock, and it promises to be one of the best of the season. Both teams have been defeated by Columbus schools and the two are regarded as being evenly matched.

Physical Director Wright of the Y. M. C. A., who has been coaching the local boys, has been putting them through some fast paces this week and the eleven young athletes are in splendid shape.

The admission for this game will be but 15 cents and the small fee should insure a large attendance.

Headache?—It's Your Liver Too Many People Take Headache Powders When Liver Tonic is Needed.

Try Olive Tablets—The Substitute
For Calomel.

Dr. Edwards' Olive Tablets are the one substitute for dangerous calomel. They do all of calomel's work without any of its bad after effects.

There is no necessity, when you take Olive Tablets of following them up with nasty, sickening, griping salts or castor oil, as you should after taking calomel.

Olive Tablets do not contain calomel or any other metallic drugs; they are a purely vegetable compound mixed with olive oil, sugar coated, easy to take and never gripe or cause weakness.

Thousands of people take one every night at bedtime just to prevent disorder of the liver, constipation, bad breath, pimples, headache, etc.

Olive Tablets are made of pure vegetable compounds mixed with olive oil.

Dr. Edwards, calomel's old enemy, discovered the formula for Olive Tablets after seventeen years of practice among patients afflicted with liver and bowel troubles.

Try them for a week. Take one on retiring nightly. Every little Olive Tablet has a movement of its own.

All druggists sell Olive Tablets in neat pocket packages. At 10c and 25c.

Made by the Olive Tablet Company of Portsmouth, Ohio, or Columbus, Ohio. Dr. F. M. Edwards, president.

NO TRESPASSING ON "HOME" GROUNDS

The attorney general of Ohio has ruled that trespassing upon Children's Home grounds is contrary to law. Notice is given that all parties trespassing upon the Children's Home grounds will be prosecuted to the full extent of the law.

By order of County Commissioners.
